- See the big scopes up to 30"
- Lecture about Jupiter with Glen Orton
- Mars, Saturn & Titan and newest EXO-planets, all by Associate Professor Hans Kjeldsen
- Emil Kraaikamp planetary imaging
- Theme - The Solar system
- Observation of variable stars.
- Latest on EXO-planets
- Planetary imaging
- Walk-around
- ATM and much more.....
- Barbeque grill buffet all days
- see what your own equipment
- Astro flea market

Midtjysk Astronomy Association is located at Kompedal, near Engesvang, where the facilities are very nice.

We have many beautiful rooms of accommodation and plenty of space for lectures, workshops, indoor Exhibition of equipment, etc. Outside there are large flat grass areas, perfect for tents, caravans and equipment.

MAF Star Party starts Friday morning and continues until Sunday late afternoon.

Reserve this weekend now.

Sincerely
Midtjysk Astronomy Association.

We will be very pleased to see you.

Go to our website, www.starparty.dk to learn more about MAF Starparty 2010

Detailed information:

Date and time:

Thursday 9. September 17.00 to Sunday 12th. September 16.00
You do not have to attend all days.

Address:

Kompedal camp, Kompedalvej 13, 7442 Engesvang

Accommodation:

4 person rooms or tent, caravan or camper. There are two main camping areas.

Food:

Bring your own or purchase on site. Beverages, soft drinks, coffee, tea, beer can be purchased.
If you bring your own food, this can be prepared in our large kitchen. You must clean up after use.

Prices:

Participation all days: 4.- Euro
Accommodation in 4 pers. room per. night: 9.- Euro
Accommodation in 4 pers. camping per. night: 4.- Euro

Barbecue grill buffet on Friday and Saturday:

Menu Friday: Delicious beef & chop, creamy potatoes, today's salad, home-baked bread.
Menu Saturday: Lovely English steak & grill sausage, pasta salad, today's salad, home-baked bread.

Lunch can be ordered.

Large delicious sandwich for lunch, (one sandwich will most likely be enough for lunch)

Breakfast Saturday and Sunday:

Bread, sausage, ham, marmalade, juice, coffee, etc.

Drinks are not included. Bring your own or purchase at the site for very reasonable money.

Accessibility:

Site will be closed to traffic in the period from 21:00 to 09:30. Parking is available nearby.

Power:

It will be possible to get power for telescopes, cameras and computers at the observation sites.

Kitchen, refrigerator and freezer:

There is a large kitchen at the camp where you will be able to cook. Limited storage on in freezer and refrigerator.

Observation at the site:

The area at Kompedal is a very dark place with a mag. 6.4 sky. There is no annoying light in whatever direction. All are invited to bring their own telescopes, so we can get some very pleasant hours under the dark sky. You are responsible for your own equipment and in case of bad weather, this can be kept together indoors.

Enrollment:

If you want to participate in the dinner or breakfast and rooms, you must register no later than 10th. September. Rooms are allocated on first come first served basis.

You can register by writing to: starparty@nightsky.dk
Payment for food cannot be refunded.
